

NATIVE COMMUNITY SANTA CLARA DE UCHUNYA AWARDED DISTINCTION TO OCHO SUR

As part of the celebration of its 50th anniversary of creation, the native community of Santa Clara de Uchunya, located in the district of Nueva Requena, distinguished Ocho Sur, a business group dedicated to the sustainable production of products and derivatives of oil palm in Ucayali.

During the anniversary ceremony and in the presence of the residents, the head of the community, Wilson Barbarán Soria, presented a Diploma of Recognition to manager Alfonso Morante, who attended the event on behalf of the general manager of the palm oil company, Michael Spoor.

“The native community of Santa Clara de Uchunya publicly recognizes the company Grupo Ocho Sur, for being good neighbors and for the constant social support it provides for the good of our community,” said Barbarán Soria.

Through a written message, the general manager of the business group expressed his gratitude for the distinction received, greeting the community for the 50th anniversary and stated that he was very satisfied and happy for the strong ties of friendship that have developed between Santa Clara of Uchunya and Ocho Sur.

“We are committed to the care and well-being of the communities, families, children and forests of the region. Together we will continue to fight for a better future,” said Michael Spoor in his message.

For his part, Alfonso Morante ratified Ocho Sur’s commitment to Santa Clara de Uchunya and all the neighboring communities, to continue working in compliance with its policy of social responsibility for health, education, sports and improving the roads in the area that they surround them.

“Working with respect and transparency is what we seek with our neighbors. We respect their traditions and promote a culture of diversity, equity and inclusion. That is the only way to achieve great things,” the manager remarked.

It should be noted that, during the ceremony, the residents and representatives of the business group toured the 200 square meter land where Ocho Sur has been building a modern Medical Post, which meets the demands of the Ministry of Health and the Regional Health Directorate of Ucayali.
